CREST Olympiads is one of the largest Olympiad Exams with students from more than 60 countries. The objective of these exams is to build a competitive spirit while evaluating students on conceptual understanding of the concepts.

We strive to provide a superior learning experience, and this workbook is designed to complement the school studies and prepare the students for various competitive exams including the CREST Olympiads. This workbook provides a crisp summary of the topics followed by the practice questions. These questions encourage the students to think analytically, to be creative and to come up with solutions of their own. There is a previous year's paper given at the end of this workbook for the students to attempt after completing the syllabus. This paper should be attempted in 1 hour to get an assessment of the student's preparation for the final exam.

# Synonyms and Antonyms

---

## Synonyms

Synonyms are words that have exactly the same or almost similar meaning as the other given word or words.

For example, the word 'convince' is a synonym of the word 'persuade'. 'Coax' and 'cajole' are synonyms of the word 'persuade'.

**Some other examples of synonyms include:**

- |                       |                         |
|-----------------------|-------------------------|
| • Deplete-exhaust     | • Abhor-detest          |
| • Callous-insensitive | • Dexterity-proficiency |
| • Cynical-sceptical   | • Emulate-imitate       |
| • Flimsy-fragile      | • Denounce-condemn      |
| • Incessant-perpetual | • Pensive-thoughtful    |
| • Reticent-reserved   | • Yearn-long            |
| • Temporal-worldly    | • Reiterate-mournful    |
| • Malice-hatred       | • Indignant-resentful   |
| • Lament-bemoan       | • Meagre-paltry         |
| • Liberal-lavish      | • Abate-subside         |

**Note:** It must be remembered that synonyms cannot always be used interchangeably. In English, a word may have many synonyms but all these words may not be used interchangeably. We should also know the contextual meaning of the word and then we should use it in a sentence.

For example, although the words "liberal" and "lavish" are generally regarded as synonyms, they cannot always be used interchangeably.

Consider the following sentences:

- His films reflect the more liberal values of the 1960s.
- It was one of the most lavish weddings I have ever been to.

Hence, it is very essential to know the context and the intent before using any synonymous word.
