Preface

We are pleased to launch first edition of this workbook. We welcome feedback from students, teachers, educators and parents. For improvements in the next edition, please send your suggestions at info@crestolympiads.com. Our team will make an effort to work on those suggestions.

CREST Olympiads is one of the largest Olympiad Exams with students from more than 60 countries. The objective of these exams is to build a competitive spirit while evaluating students on conceptual understanding of the concepts.

We strive to provide a superior learning experience, and this workbook is designed to complement the school studies and prepare the students for various competitive exams including the CREST Olympiads. This workbook provides practice questions on the topics. These questions encourage the students to think analytically, to be creative and to come up with solutions of their own. There is a previous year's paper given at the end of this workbook for the students to attempt after completing the syllabus. This paper should be attempted in 1 hour to get an assessment of the student's preparation for the final exam.

Chapter 1

Spell-o-Spell

Spell-o-Spell

Spell-o-Spell has a series of questions that shall tickle your brain cells into activity! There are both correctly and incorrectly spelt versions of a word, that you need to assess and pronounce the verdict for! It will thoroughly test your understanding of correct spellings. You will need to sift through various words, with letters arranged in various ways, and find out how to correctly spell a word. You shall also be asked to spot the incorrectly spelt version of a word, so doing the opposite is equally important here!
